Hello Class:

Class grades have been posted in ASAP. I will email the graded assignments shortly.

I thank all of you for your patience and cooperation through this unusual semester. Several of you have told me that you enjoyed the course and learned a lot. I am very happy to hear that. Conversely, I have learnt a lot from your questions and comments. I was not able to address them during the semester but I do plan to update the FAQ portion of the class website to provide some answers.

If anyone is interested in learning about opportunities for further graduate studies in cybersecurity feel free to reach out to me for my advice and general discussion (whether it be at UTSA or elsewhere). UTSA does offer excellent opportunities for graduate studies and has a strong national reputation in cybersecurity.

To those of you who are graduating this semester I wish you success in your careers. To everyone: have a great summer.
